

How to fill out the questionnaire

Unfortunately we need you to fill out a [questionnaire](#) for each dog and, unfortunately, we are also very interested in those of you who own and handle many dogs. The questionnaire was created ONLY for dogs used for shooting or competing in field trials (pointing dogs, spaniels and retrievers). These dogs must be purebred and have a pedigree. If your gundog is a pet, or a show dog, I am sorry but he cannot be included in our sample. The questionnaire might seem long at a first sight, but you can fill it out in a few minutes. We decided to have only a few compulsory questions, to make you feel at ease: you can skip the questions that do not apply to your situation, or that you do not feel comfortable about. Remember, however, that the questionnaire can be as anonymous as you like, and all your answers will be stored respecting the laws on personal privacy and will not be passed on to other people. The more details you will be giving us, though, the more you will help this research and my dissertation, I will therefore appreciate detailed and honest answers. Please specify the units of measure in open questions (year, months, hours...). An e-mail address, whereas not compulsory, is equally appreciated in case we need any clarifications concerning your answers. We also need an e-mail if you wish to be included in the drawn for the [prizes](#) we are giving away. For those who prefer working on a printed version of the questionnaire, a [pdf file](#) can be downloaded, printed, given to those who do not have any internet access and then [emailed](#) back to us.

If you wish to receive a feedback about the outcomes of this survey, please let us know: we will send you a report at the end of the project!

We will also be grateful if you could give visibility to the project by sharing or forwarding these pages, or the

questionnaire link, to anyone who could be interested or otherwise able to help us in this research.
